ACTION COALITION WORKSHOPS

ACTION COALITION ON **BODILY AUTONOMY AND SEXUAL AND REPRODUCTIVE HEALTH AND RIGHTS**

VISION

Women and girls in all their diversity are **empowered** to exercise their sexual and reproductive health and rights (SRHR) and make autonomous decisions about their bodies **free from coercion, violence, and discrimination.**

SRHR information, education and services are freely **available, accessible, acceptable and of high-quality.** Girls, women's and feminist organizations and networks and their allies are strengthened to advance SRHR. More governments promote, protect and invest in SRHR, including as part of Universal Health Coverage.

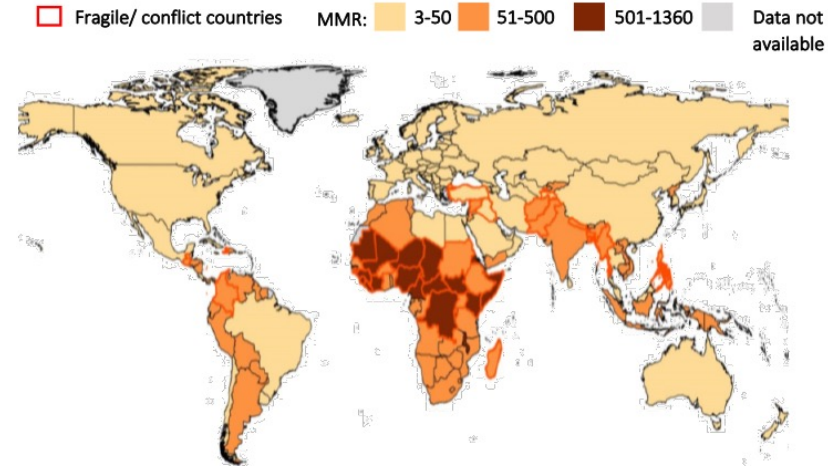

Working across Action Coalitions, with multiple stakeholders and at all levels, **we transform gender and social norms, promote gender equality** applying an **intersectional, intercultural, human rights-based approach** and improve SRHR outcomes, **leaving no one behind.**

WHAT NEEDS TO CHANGE?

Worldwide, **45%** of girls and women aged 15-49 who are married or in unions cannot make their own decisions about sexual and reproductive health and rights by deciding about healthcare, contraception and their own sexual practices i.e. saying no to sex.

MMR in fragile and conflict states

- The estimated MMR in these settings is 417 deaths per 100,000 live births - 1.9x higher than the global MMR estimate

- Adolescents in the lowest wealth quintile are 3.7 times more likely to give birth before the age of 18 than those in the highest wealth quintile
