#ActForEqual
We envision that by 2026, feminist leaders, movements, and organizations, including those led by trans, intersex and nonbinary people, indigenous women, young feminists, and other historically excluded people, are supported to become sustainable, can carry out their work without fear of reprisal, and advance gender equality, peace, and human rights for all.
WHAT NEEDS TO CHANGE?

Less than **1% of global DAC aid** for gender equality and women’s empowerment goes to women’s equality organizations.

Women’s representation in national parliaments grew from only **12% in 1995** to an average of **25% in 2020**. At this rate, gender parity in national legislative bodies will not be achieved before **2063**.

Available data in 2018 shows that women made up **45% of public administration workforce** but only **34% of decision-making positions**.
