

FEMINIST ACTION FOR CLIMATE JUSTICE ACTION COALITION

This is a list of Commitment Makers who have pledged commitments under the Generation Equality Feminist Action for Climate Justice Action Coalition as of November 3, 2021.

The Coalition is a global, innovative, multi-stakeholder partnership mobilizing governments, civil society, youth-led organizations, international organizations, philanthropy and the private sector. The list will be updated periodically as new commitments are validated.

Organizations are invited to join the coalition to make new commitments, or to join existing collective commitments here to promote gender-responsive climate action.
